A-Basic Insurance (mandatory) According to Costa Rican laws and to the National Insurance Institute (INS), obligatory insurance is offered. Among the coverage offered by this system, collision, overturn, partial and total theft are included. It has a fixed deductible of one thousand dollars. It is important to point out that in our company does not have an extra deductible for theft and is included in the US\$1,000. A deductible of 20% is applied to damages to third person's property. Furthermore, Adobe Rent a Car has an additional umbrella insurance that is included in the rate for wrongful death and death of 2 million dollars which does not have a deductible.

B- (SDW) Supplemental Damage Waiver Insurance: This insurance has the same protection as the regular insurance against collision, overturn, vehicle parts, partial and total theft included. For an additional amount of just US\$10 per day, the deductible is reduced to US\$0.

C- (SLI) Supplemental Liability Insurance: This insurance waives the 20% deductible for 3rd party damages for an additional amount of \$7us per day.

WHEN TAKING BOTH INSURANCES (SDW & SLI) WE CREATE A PACKAGE OF \$15us PER DAY FOR COMPLETE FULL COVERAGE.
